Attention: Mr. Arthur Chew PBM, Managing Director

Dear Sir,

Re: Testimonial on Nexxis's Impact Protection System for Project Wilmar @ 457 Jalan Ahmad Ibrahim & WM2 @ 2 Tuas Avenue 13 from August to November 2022

We refer to above two projects, we had engaged the services of Nexxis to install impact protection system, column guards and are pleased to provide our review.

The team led by Mr Arthur and Andrea is professional, technically competent and dependable during their course of work. Their communication with the site team was effective, clear and transparent. The team was always contactable, and updates were made known to the Maincon team regularly.

The quality of work was good and completed with good time and speed. Overall, we and the end users are satisfied with the works and service rendered. We trust that we will continue to use their products for our future projects.

Thank you.

Yours Sincerely,

Kelvin Ong
Project Manager
