

BCA Contractors Registration System

Section D1

- For ***completed project*** or ***term contract completed at least one year or more***
- For CW, CR, ME and FM workheads
- For new, additional, renewal and upgrading applications

Instructions

Please complete Section D1 and submit to your client / client's representative (responsible for the supervision of the project) for assessment and endorsement ***on both pages 1 and 2.***

Each project must be enclosed with Award Letter or Purchase/Work Order and Completion or Final Payment Certificate/Invoice. Any changes to the final contract value and completion date must be accompanied with supporting documents.

If your client is related to your company, you must be assessed and endorsed by a third-party (consultant or financial auditor) involved in the project

Note:

1. Track record will only be eligible if project is completed in the last three years. Five years for CW02-A1 and 5 years for renewal of CW01 and CW02 all grades. Completion date ***to exclude*** Maintenance or Defects Liability Period.
2. For ongoing term contracts, only the annual value will be taken into account (e.g. for 5-year term contract with 3.6 years in service, we will only accept 3-year annual value).
3. For small projects, each with less than \$10,000 in value and awarded by the same client, you may compile them in a list and obtain one endorsement in Section D1.
4. For projects endorsed by financial auditor, the default performance shall be Satisfactory as the financial auditor can only confirm that the project was completed. This is irrespective of the performance given by the main-contractor or the client that is related to the applicant.

Explanatory Notes:

Determination of Overall Performance

1. Tick the individual raw scores under Quality and Management.

Assigned Raw Score for each performance

Performance	Raw Score
Excellent	5
Very Good	4
Good	3
Satisfactory	2
Poor	1

2. Total up the Raw Score for each performance and determine the Average Raw Score by dividing the total Raw Score by five (5).

For example,

Total Raw Score: $5 + 4 + 3 + 4 + 2 = 18$

Average Raw Score: $18 \div 5 = 3.6$

Based on the Average Score of 3.6, the Overall Performance according to the Conversion Table is "Very Good"

Conversion Table

Average Raw Score	Overall Performance
> 4.5	Excellent
3.6 to 4.5	Very Good
2.6 to 3.5	Good
1.6 to 2.5	Satisfactory
< 1.6	Poor
